

## Career Opportunities

### ARCHITECTURAL SHEET METAL APPLICATOR

#### Job Overview

Performance Roofing Systems is one of the leading commercial/industrial roofing contractors in the Midwest. We are looking to hire talented sheet metal applicators to join our architectural sheet metal division. Whether you are new to the construction industry, looking to learn a new trade, or have previous trade or mechanical experience PRS is looking for individuals with a strong work ethic and willingness to learn and grow your career. We will teach you the rest.

Consider a career in commercial roofing & sheet metal. Consider PRS.

#### RESPONSIBILITIES

- Assist with the removal and cleaning/prepping of existing roofing systems
- Assist with installing new architectural sheet metal roof systems, perimeter edge metal (coping, soffit, gutters, downspouts) or other various sheet metal flashings
- Inspect, repair, or replace damaged sheet metal roofing, flashings, edge metals, or panels
- Flash and seal roofing materials around newly installed sheet metal flashings or edge metal
- Use hand tools such as hammer, snips, seamer, and drills

#### QUALIFICATIONS

- High school diploma, GED, or equivalent
- Must have valid driver's license
- Strong work ethic and desire to perform quality work
- Ability to tolerate outdoor weather conditions
- General knowledge of sheet metal roofing procedures, techniques, and specialties
- Effectively communicate with team members, openness to receiving feedback from superiors
- Previous experience in sheet metal, roofing, or related scope of work is a plus but not required
- Construction safety certification such as OSHA training are a plus
